Requests for Removal of Links or Cached Materials

AIXEUS.AI occasionally receives requests from people to remove links from its indices. Although AIXEUS.AI reserves the right to address such requests individually, the general approach that AIXEUS.AI takes reflects the following principles: AIXEUS.AI's indices consist of information that has been identified, indexed and compiled through an automated process with no advance review by human beings. Given the enormous volume of web site information added, deleted, and changed on a frequent basis, AIXEUS.AI cannot and does not screen anything made available through its indices. For each web site reflected in AIXEUS.AI's indices, if either (i) a site owner restricts access to his or her web site or (ii)

a site is taken down from the web, then, upon receipt of a request by the site owner or a third party in the second instance, AIXEUS.AI would consider on a case-by-case basis requests to remove the link to that site from its indices. However, if the operator of the site does not take steps to prevent it, the automatic facilities used to create the indices are likely to find that site and index it again in a relatively short amount of time. AIXEUS.AI stores many web pages in its cache to retrieve for users as a back-up in case the page's server temporarily fails. Site owners may block AIXEUS.AI from returning cached versions of their pages by using the NO ARCHIVE meta-tag. Site owners may also request immediate removal of cached page from the AIXEUS.AI Search Service. AIXEUS.AI evaluates such requests for the immediate removal of cached content on a case-by-case basis and does not guarantee that every request will be granted.

AIXEUS.AI may remove such User Submissions and / or terminate a User's access for uploading such material in violation of these Terms of Service at any time, without prior notice and at its sole discretion. (V). In particular, if you are a copyright owner or an agent thereof and believe that any User Submission or other content infringes upon your copyrights, you may submit a notification pursuant to the Digital Millennium Copyright Act ("DMCA") - see <http://www.AIXEUS.AI/dmca.pdf> - by providing our Copyright Agent (electronic mail: copyrightagent@aixeus.ai) with the following information in writing : (a) A physical or electronic signature of a person authorized to act on behalf of the owner of an exclusive right that is allegedly infringed; (b) Identification of the copyrighted work claimed to have been infringed, or, if multiple copyrighted works at a single online site are covered by a single notification, a representative list of such works at that site; (c) Identification of the material that is claimed to be infringing or to be the subject of infringing activity and that is to be removed or access to which is to be disabled and information reasonably sufficient to permit this platform provider to locate the material; (d) Information reasonably sufficient to permit this platform provider to contact you, such as an address, telephone number, and, if available, an electronic mail; (e) A statement that you have a good faith belief that use of the material in the manner complained of is not authorized by the copyright owner, its agent, or the law; and (f) A statement that the information in the notification is accurate, and under penalty of perjury, that
